

DELKIN DEVICES®

October 1, 2023

In 2023, Delkin upgraded from a G3 CFexpress Type B memory card line to G4.

G3 Label and Etching.

G4 Label and Etching.

NOTE, some G4 cards were shipped in the first batches we built without the G4 on the front label. If you are looking to determine if you have a G3 or a G4 card build, you can refer to the etched parts on the back of the memory card.

G4 Laser-etched Part Numbers (Noted as AAAAAA in the below graphic) will be the first 9 digits:

CY3HFUAND or CY7HFUAND or CY13FUBND

If you have any additional questions, please reach out to Delkin Customer Service for assistance.
